1. My name is Roger M. Masson. I assisted James D. Ryndak in preparing the captioned application entitled "Device and Method for Alerting a Person to the Presence of a Door" under the direction and supervision of James D. Ryndak.
2. I have been an employee of Ryndak & Suri and Ryndak & Suri LLP since May 2003. During the summer of 2003, I was a law clerk employee of Ryndak & Suri and was being trained to become a patent attorney.

3. I worked diligently on the patent application on at least the following dates:
June 9, 10, 16, 17, 18, 19, 23, 24 and 25, and July 1, 2, 3, 7, 8 and 9.

4. During the time I diligently worked on the patent application in June and July, I also worked on other matters. The matters included drafting license and purchase agreements, investigating facts and researching case law for opinions regarding patent infringement and trade secret matters, conducting a prior art search, researching case law and claim construction for a litigation matter, and assisting with the naming and incorporation of a new company.

I hereby declare that I have read this Declaration Under 37 C.F.R. § 1.131, and that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
